Audi Genuine Accessories. As individual as you are.

Make the most of every journey in your Audi Q3, thanks to a wide range of accessories carefully selected by our experts. Each one is created with the care and attention to detail you’d expect of Audi, produced to our meticulous standards and designed to integrate perfectly with the car you drive. Take a look through this guide to see a wide selection of the accessories available, then visit the online AudiStore.

Sport and design  Page 04
Add an extra touch of style and flair to your Audi Q3 with a range of dynamic options.

Transport  Page 08
Wherever your journey takes you, make sure you can bring everything you need with genuine Audi travel accessories.

Communication  Page 12
Music. Phone contacts. Social networks. Stay connected to everything that matters as you drive with our communication technology.

Family  Page 16
Nothing in your Audi could be more important than your family, so we’ve developed features with their safety, security and convenience in mind.

Comfort and protection  Page 20
Give your Audi all the protection it needs, whether it’s against muddy footprints or scratches while unloading luggage.
Cast aluminium wheels in ‘5-arm pila’ design, anthracite
The cast aluminium wheel in size 19” x 8.5J for 255/40 R19 tyres impresses with its distinctive design.

Cast aluminium wheels in ‘5-arm pila’ design, black*
The cast aluminium wheel in size 19” x 8.5J for 255/40 R19 tyres captivates with an impressive look.

* Please note the following in relation to wheels: Aluminium wheels with a high-gloss turned finish, or polished or partly polished aluminium wheels, must not be used in wintry road conditions. Due to the manufacturing process, the rim surfaces do not possess sufficient anti-corrosion protection and are at risk of long-term damage due to road salt or similar materials. Please note that not all cast aluminium wheels are available as optional equipment; some are only available as a retrofit solution from your Audi Centre.

Cast aluminium winter wheels in ‘5-arm semi-Y’ design
Complete winter wheel that can be fitted with snow chains in size 17” x 6.5J with 215/60 R17 tyres. The dynamic design gives your Audi Q3 a striking look. Fuel efficiency class: C, wet grip class: B, external rolling noise class: 72 dB.

Wheel bags
A four-part set with convenient handles for easy transport and storage of complete wheels. Made from tear-resistant plastic. Wheel bolts can be stored in the outside pockets.

Valve caps (not pictured)
The four metal valve caps with embossed Audi logo provide better protection for the valve against dust, dirt and moisture. Available for rubber, metal and aluminium valves.

Anti-theft wheel bolts (not pictured)
To stop thieves, the bolts can only be loosened with the special adapter provided.

Footrest and pedal caps in stainless steel*
As attractive as they are practical. The footrest and pedal caps are made from brushed stainless steel, with a rubber coating on the surface to provide better grip. Available for automatic and manual gearboxes.

Rear bumper
Painted in Stone grey, metallic. The rear bumper protects the underside of the vehicle at the rear with a stainless-steel skid plate.

Running boards
Made from stainless steel. These products make it easier to load luggage boxes on the roof. Rubber pads protect against the risk of slipping. Load capacity of 200 kg each.

Door cover strips
Painted in Stone grey, metallic. Reduce damage, for example from stone chipping.

Wheel arch extensions
Painted in Stone grey, metallic. Emphasise the distinctive vehicle styling and protect the body contour.

Front bumper
Painted in Stone grey, metallic. Used in combination with the stainless-steel underbody protection and the radiator grille with vertical chrome struts, the front bumper protects the front and the front underside of the vehicle.

Offroad Style Pack
Give your Audi Q3 an even more robust and sporty look. The complete pack includes front and rear bumpers, door cover strips and wheel arch extensions.

Front spoiler *(not pictured)*
Painted in Stone grey, metallic, with a stainless-steel skid plate.

Rear bumper
Painted in Stone grey, metallic. The rear bumper protects the underside of the vehicle at the rear with a stainless-steel skid plate.

Footrest and pedal caps in stainless steel*
An attractive as they are practical. The footrest and pedal caps are made from brushed stainless steel, with a rubber coating on the surface to provide better grip. Available for automatic and manual gearboxes.

LED for entry area
For a bright entrance. Depending on the variant, either the quattro logo or the Audi rings are projected onto the ground by means of an LED light when the vehicle door is opened. Available in a two-part set for the driver and front-passenger side or for the rear vehicle doors. Requires the optional Lighting Pack.
Ski and luggage boxes
A new design from Audi featuring improved aerodynamics thanks to a flatter, sportier ribon. Available in Platinum grey with Brilliant black sideblades and gloss Brilliant black, each featuring chrome Audi rings and a high-quality, rivet-free look. Boxes are lockable and can be opened from both sides for easy loading and unloading, with an integral handle for closing the box. The internal locking system includes torque limitation. Positioned towards the front of the vehicle, providing optimum access to the luggage compartment. Available in three sizes: 300 litres, 360 litres and 405 litres. Can only be used in conjunction with the carrier unit.

Volume | 300 l | 360 l | 405 l
---|---|---|---
External dimensions (LxWxH) | 1,902 x 630 x 376 mm | 1,756 x 826 x 376 mm | 2,050 x 800 x 380 mm
Maximum number of skis | 4–6 | 5–7 | 5–7
Maximum length of skis | 1,750 mm | 1,550 mm | 1,900 mm
Maximum number of snowboards | 3–4 | 4–5 | 4–5
Maximum permissible load | 60 kg | 75 kg | 75 kg

Bags for roof boxes
Robust yet flexible. These bags are equipped with a watertight floor featuring a watertight border extending 5 cm upwards. Ideal for making full use of the Audi roof boxes, as it is possible to use the individual bags in various combinations. Available in three sizes: S (43 litres), M (76 litres) and L (82 litres).

Roof carrier bag (not pictured)
For storage or transport of a carrier unit and smaller roof rack modules. Made from durable material, with fastening loops and a side pocket for suitable tools or small parts.
Bicycle rack

The bicycle rack, made from a specially shaped aluminium profile and powder-coated steel, enables the bicycle to be attached to the car particularly easily. Lockable. Maximum load capacity 17 kg. Can only be used in conjunction with the carrier unit.

Bicycle carrier for the trailer towing hitch

Bicycle carrier comes suitable for electric bikes for up to two bikes with a maximum load capacity, made from a powder-coated steel for a particular number of puff the carrier and the carrier onto the vehicle. Maximum vertical travel of two to three cm provides a smooth ride. Easy access to the luggage compartment is possible thanks to a central locking mechanism. The bicycle carrier can be folded up and easily stored in the bag provided, saving space. The same weight for a third bicycle is also available as an option.

Trailer towing hitch

Mechanically swivelling trailer towing hitch. The ball hitch under the vehicle can be swivelled out for use and swivelled back in when not in use. Includes a 13-pin socket, which is integrated into the hitch for easy access.

Carries unit for the roof rails

A carrier unit for various roof rack modules with an embossed Audi logo. The profile is made from anodised aluminium. The carrier unit is easy to fit and is mounted with anti-theft bolts. Maximum permissible gross weight of the carrier unit, roof rack modules and load: 75 kg.

Bicycle fork mount

Easy to use. Lockable. Suitable for bicycles with quick-release front wheel. Maximum load capacity 17 kg. Can only be used in conjunction with the carrier unit.

Front wheel holder (not pictured)

Mounts to the wheel of an electric bike, mounted unit into the front fork. Maximum load capacity 17 kg. Can only be used in conjunction with the bicycle fork mount.

Bicycle bag (not pictured)

A convenient way to transport your skis. The bag is made of high-quality materials and can be secured to the front fork of the vehicle via integrated straps. The bag can be used in conjunction with the carrier unit.

Ski bag (not pictured)

A convenient way to transport your skis. The bag is made of high-quality materials and can be secured to the front fork of the vehicle via integrated straps. The bag can be used in conjunction with the carrier unit.

Kayak rack

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and the elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

Camping tent

Inflatable tent featuring an innovative and high-quality design with double-walled air struts – includes bag, pump, tent pegs, repair kit and two separate awnings. Sleeps up to three persons. Quick and easy to set up. Simply roll out the tent and inflate. Extremely stable, even when faced with wind and different weather conditions. A weatherproof connection between the vehicle and tent is achieved through an optional tailor-made vehicle attachment. Can also be used without a vehicle.

Kayak rack

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and the elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

Camping tent

Surface area 9.5 m²

Water column 3–4

Weight 13.2 kg

Package dimensions 70 x 55 x 30 cm

Ski and snowboard rack

For easy transportation of up to six pairs of skis or four snowboards. Lockable. Can only be used in conjunction with the carrier unit.

Kayak rack

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and the elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

Kayak rack

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and the elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

Mosquito net

A convenient way to transport your skis. The bag is made of high-quality materials and can be secured to the front fork of the vehicle via integrated straps. The bag can be used in conjunction with the carrier unit.

Kayak rack

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and the elasticated belt can be secured separately. Can only be used in conjunction with the carrier unit.

Kayak rack
iPad adapter:
Adapter for Apple iPads; secured to the backrests of the front seats. The adapters can simply be slotted into the holder for mobile devices, which is available separately. As iPad can still be used as normal. With integrated charging function and 90° pivot. Requires preparation for Rear Seat Entertainment.

Audi Entertainment Mobile:
The third-generation Audi Entertainment Mobile provides entertainment on the move with excellent image quality thanks to the 10.1-inch touchscreen. Perfect for videos, photos, games and music, it includes software that is intuitive to use, numerous connection options (SD, USB 2.0, HDMI IN, etc.) and a high level of functionality. By connecting to a Wi-Fi hotspot, users can access the internet (e.g. via Audi wireless internet access with LTE*). The device can be attached in the vehicle to the backrests of the front seats or used outside the vehicle. Requires holder for mobile devices and preparation for Rear Seat Entertainment.

*Audi Entertainment Mobile is the winner of the Plus X Award in the product of the year category for 2015/2016.

*Available as a retrofit solution from Audi Genuine Accessories.
Audi wireless internet access with LTE*

For an LTE internet connection with a Wi-Fi network in the vehicle. With a data transfer rate of up to 100 Mbps and a hotspot for up to eight Wi-Fi-enabled mobile devices. Access is available from up to 100 metres outside the vehicle. The use of mobile data abroad is possible using either a domestic contract SIM card or a local prepaid SIM card. For more detailed information, visit your Audi Centre.

Audi wireless internet access with LTE*:
For an LTE internet connection with a Wi-Fi network in the vehicle. With a data transfer rate of up to 100 Mbps and a hotspot for up to eight Wi-Fi-enabled mobile devices. Access is available from up to 100 metres outside the vehicle. The use of mobile data abroad is possible using either a domestic contract SIM card or a local prepaid SIM card. Audi Qi Wireless Charging Station for Mobile Phones
This Qi-certified wireless device can charge all smartphones without a cable via the Qi-standard. Compatible as an addition to the Audi Phone Box, the Audi Qi Wireless Charging Station can be used not only in the vehicle but also at home. Its space-saving slim design has a blue LED lamp to indicate the charging process. Simply connect to a country-specific charging adapter via the USB charging cable supplied.

Navigation update (not pictured)
Maps with advanced content (e. g. new roads and points of interest), for greater comfort and a more relaxed driving experience. Our tip: Combine the update with the next vehicle service. For more detailed information, visit your Audi Centre.

Retrofit solution for the preparation for Rear Seat Entertainment (not pictured)
Includes pre-cabling for one vehicle seat, as well as an attachment for the holder in the backrest. Includes a holder for mobile devices.

Wireless charging cover
Enables wireless charging of the Apple iPhone 5 upwards. To charge, simply place the induction charging case on a Qi-compatible charging station, such as the Audi Phone Box with wireless charging.

Release for the navigation function* (not pictured)
Allows the navigation function and navigation data to be activated at any point in the future (requirements: MMI Radio and Connect Pack). For more detailed information, visit your Audi Centre.

Audi universal mobile phone holder plus (not pictured)
Brings safe storage for your mobile and improved reception through a connection to your car aerial. Also offers wireless charging in accordance with the Qi standard supported by your phone. Alternatively, a mobile not enabled for Qi wireless charging can be charged via a type-A USB port. Requires optional mobile phone preparation (Retrofit solution for the preparation for Rear Seat Entertainment). For more detailed information, visit your Audi Centre.

Audi SD card (not pictured)
For storing your music: ultra-compact and universal SDHC memory card (SD Card class 10). Comes with a protective case.

Audi SQ card (not pictured)
For storing your music: ultra-compact and universal SDHC memory card (SD Card class 10). Comes with a protective case.

Includes pre-cabling for one vehicle seat, as well as an attachment for the holder in the backrest. Includes a holder for mobile devices.

Adapt cable for the Audi Music Interface (not pictured)
To enable the connection of Apple iPod and iPhone models, as well as the connection of other media players to the optional Audi Music Interface.

* Mobile phone case not included. Visit your Audi Centre for more detailed information.

** Mobile phone case not included. Visit your Audi Centre for more detailed information.
ISOFIX base for Audi baby seat and Audi child seat
A more secure fit for the Audi baby seat and the Audi child seat. Can be installed and removed quickly. The adjustable support provides better stability. Enhances the level of protection for the child. Note: The ISOFIX base is optional for the baby seat, but is mandatory for the child seat.

Audi child seat youngster plus
Offers a high level of comfort thanks to the intelligent seat-belt guide. The height and width of the backrest are adjustable. Adjustments to the seat size can be made with ease using a viewing panel. Suitable for children weighing between 15 and 36 kg (approx. 4 to 12 years of age).
Audi child seat

Can be used in the forward or rear-facing positions.
With adjustable seat shell, integrated seat belt and adjustable headrest. Can only be used in conjunction with the ISOFIX base. Suitable for children weighing between 9 and 18 kg (approx. 1 to 4 years of age).

Audi baby seat

Easy to fit using the ISOFIX base (recommended). Can also be secured using the three-point belt. The integrated seat belt ensures that the child is more secure; the attached hood also acts as a means of sun protection. With adjustable headrest. Suitable for small children up to 13 kg (approx. 12 months).

Audi plush steering wheel

A steering wheel in an exclusive Audi design for racing drivers both big and small. Fitted with a squeaky horn for even more fun.

Cuddly: Rob the Gecko

Made from high-quality plush, Rob is hard-wearing, soft and available.

Child seat colour variants

All child seats are available in the colour combinations of Misano red/black and Titanium grey/black. The materials used are kind to the skin, breathable, light-resistant, removable and washable and are certified in accordance with the Oeko-Tex® Standard 100. Replacement covers are available from your Audi Centre.

Child seat underlay (not pictured)

Trenches the design of the child seats as well as the interior of the vehicle. Car seats are protected against dirt and potential soiling made by the child seats. Includes two practical storage pockets. Fully compatible with all Audi child seats, even where the ISOFIX base is used.

Audi baby mirror

Easy to secure to the headrest of the rear seat thanks to the Velcro fastener, keeping the baby in the rear-facing baby seat in view. Viewing angle can be adjusted as required. Not for integrated headrests.

Comfort and protection

Luggage compartment shell
Made-to-measure luggage compartment protection. Robust and washable. All-round edging prevents liquids from leaking onto the luggage compartment floor.

Luggage compartment tray
Ideal for all luggage items that tend to leave traces during transportation. The tray is made from plastic and features high edges and an easy-clean surface. Wide grooves prevent loads from slipping.

Luggage compartment net
Protects luggage against slipping. For fixing luggage into position via the lashing points on the luggage compartment floor.

Loading sill protective sheet (not pictured)
The made-to-measure protective sheet for the loading sill, made from transparent film, enhances the level of protection for the bumper against damage when loading and unloading the luggage compartment.

Loading sill protective mat (not pictured)
Protection for the bumper. Simply attach to the load hook of the luggage compartment to protect damage when loading and unloading. Suitable for transporting dogs, as it protects the bumper against scratches. Including polyester bag with zip and strap.

Protective film for paintwork (not pictured)
Transparent, barely visible, high-performance protective film with an extra clear coat of paint. Reduces the effects of stone chipping, scratches and scrapes. Applied to the front of Audi vehicles.

Loading sill protective mat (not pictured)
Protection for the bumper. Simply attach to the load hook of the luggage compartment to protect damage when loading and unloading the luggage compartment.

Protective film for paintwork (not pictured)
Transparent, barely visible, high-performance protective film with an extra clear coat of paint. Reduces the effects of stone chipping, scratches and scrapes. Applied to the front of Audi vehicles.

Protective film for the sill panel (not pictured)
Practical and effective solution for protecting the entry area of the rear doors at the wheel housing arch. Transparent film made from scratch-resistant, robust plastic.

Loading sill protective mat (not pictured)
Protection for the bumper. Simply attach to the load hook of the luggage compartment to protect damage when loading and unloading. Suitable for transporting dogs, as it protects the bumper against scratches. Including polyester bag with zip and strap.
Wind deflectors
Enhanced interior climate and pleasant circulating fresh air: The door wind deflectors for your Audi allow the vehicle interior to be ventilated, thereby contributing to increased driving comfort –even in the rain. By opening the window to just above the bottom edge of the deflectors, unfavorable wind buildup that often occurs in rain becomes a thing of the past. The deflectors are available as a two-part set for the side or rear window.

Coat hanger
For coats, jackets and other items of clothing. Attaches to the front head restraints.

Sun protection system
Made-to-measure rear window protection: Made-to-measure two or three-part set for the side and rear windows. Easy to fit and store away.

Rubber floor mats
Made from rubber. Effective protection against heavy soiling. The floor mats are always secured using the points provided for this purpose on the floor of the vehicle. (Q) branded.

Premium textile floor mats
Tailored to the size of the floor in the Audi Q3. Made from durable, tightly-woven velour. With a special coating on the underside that is always secured using the points provided for this purpose on the floor of the vehicle. (Q) branded.

Luggage compartment box, foldable
Made from black polyester, offering a storage capacity of up to 32 litres. Easily assembled using extra tabs –providing a functional and practical solution. When flat, the box also acts as an additional protective underlay for the luggage compartment. Washable and easy to clean.

Rear seat box
A handy storage solution for various small items. The high-quality rear seat box has a volume of approx. 12 litres and can be secured to the rear seat backrest of the front seats. The handles also enable it to be used outside the vehicle.

Seat back pocket
Additional storage capacity in a high-quality Audi design with various practical sections –for an even tidier interior. The pouch has a volume of approx. 11 litres and can be secured to the backrest of the front seats. The handle also enables it to be used outside the vehicle.

Business bag
More space for your business tools. The high-quality business bag offers a storage volume of approx. 14 litres –enough space for a laptop of up to 15 inches. In addition, various other things you need for the office. Can be securely fastened to the rear seat bench or the front passenger seat using the three-point seat belt. Can also be used outside the vehicle as an attractive briefcase.

Coat hanger
For coats, jackets and other items of clothing. Attaches to the front head restraints.

Sun protection system
Made-to-measure rear window protection: Made-to-measure two or three-part set for the side and rear windows. Easy to fit and store away.

Made from black polyester, offering a storage capacity of up to 32 litres. Easily assembled using extra tabs –providing a functional and practical solution. When flat, the box also acts as an additional protective underlay for the luggage compartment. Washable and easy to clean.

Rear seat box
A handy storage solution for various small items. The high-quality rear seat box has a volume of approx. 12 litres and can be secured to the rear seat backrest of the front seats. The handles also enable it to be used outside the vehicle.

Seat back pocket
Additional storage capacity in a high-quality Audi design with various practical sections –for an even tidier interior. The pouch has a volume of approx. 11 litres and can be secured to the backrest of the front seats. The handle also enables it to be used outside the vehicle.
Comfort and protection

Rubbish bin
A practical product for disposing of rubbish accumulated when travelling, with a waterproof interior compartment and a capacity of approx. 5 litres. Can be secured to the backrest of the front seats. Easy to clean. Standard refuse bags can also be used and secured easily inside the rubbish bin.

Sun protection film (not pictured)
Made-to-measure sun protection in the form of high-quality, preformed 3D sections of film. The film prevents people from looking into the vehicle from outside, reduces unpleasant glare, keeps the vehicle cool for longer, and filters out UV radiation. The specially hardened scratch protection layer ensures durability and easy maintenance.

LED gooseneck reading lamp
An extremely bright light exactly where you need it, thanks to the flexible silicone rubber neck. High level of stability in any position. Connection via the cigarette lighter.

Rear seat protective cover
The versatile zip-fastening system allows dogs to enter and exit the vehicle via the rear doors. Simple and fast to attach. Durable surfaces, watertight and washable.

Shoe organiser
Organization on the go: the shoe organiser can be integrated into the high-quality Audi interior and offers storage space for up to three pairs of shoes. The backrest of the front seats is also protected against soilage from shoe prints and stains. Not for integrated head restraints.

Shoe harness for dogs
Safety harness for dogs available in four sizes. Made from highly resistant materials, including tear-resistant nylon and stainless-steel parts. Special padding makes things more comfortable for your pet. With reflective strips in the chest area. Can double as a harness for use outside the vehicle.

Anti-marten device (not pictured)
Keeps animals away from your Audi. A battery-powered, high-voltage device with double-pole stainless steel contact plates. Does not require an electrical connection to the vehicle. Glands ultrasounds signals.

Retrofit solution for the parking system (not pictured)
A practical product for disposing of rubbish accumulated when travelling, with a waterproof interior compartment and a capacity of approx. 5 litres. Can be secured to the backrest of the front seats. Easy to clean. Standard refuse bags can also be used and secured easily inside the rubbish bin.

LED gooseneck reading lamp
An extremely bright light exactly where you need it, thanks to the flexible silicone rubber neck. High level of stability in any position. Connection via the cigarette lighter.

Retrofit solution for the cruise control system (not pictured)
Automatically controls the speed of the vehicle, even when travelling up and downhill. The system can be implemented when you are travelling at 19 mph or more. The set speed will be displayed in the Driver’s Information System and is controlled by the steering column lever. Speed can be adjusted, up or down, in 1 mph increments by moving the lever up and down. The system disengages when the accelerator or brake is applied.
Gecko air freshener
Attaches easily to the air vents and fills the vehicle interior with a pleasant fragrance. No risk of leakage because the Gecko air freshener does not contain any liquid.

Vehicle cover for indoor use
Ideal fit, in Anthracite, bearing the Audi logo. Made from a breathable and anti-static material. The piping accentuates the shape of the vehicle. Excellent protection from dust and dirt.

Espresso mobile
With a pressure of 16 bar, the espresso mobile delivers true espresso enjoyment, complete with authentic creamer. The set includes 18 illy ESE pods, two shatterproof espresso cups, a microfibre cloth and an elegant case. Connection via the cigarette lighter in the vehicle interior.

Audi Tracking Assistant plus (not pictured)
Enables the tracking and tracing of a stolen vehicle in many European countries via GPS/GSM technology. With automatic driver recognition and an intelligent restart restriction function. For more detailed information, visit your Audi Centre.
